## Design Choices

The design for MyLearn's website focuses on creating an engaging, user-friendly platform that effectively showcases the company's e-learning offerings. Here are the detailed design choices:

### Color Palette

- **Primary Color:** #2c3e50 (Dark Blue)
  - Used for headers, navigation bar, and footer to provide a strong, professional look.
- **Secondary Color:** #18bc9c (Teal)
  - Applied to buttons and highlights to create contrast and draw attention.
- **Background Color:** #ecf0f1 (Light Grey)
  - Used for section backgrounds to ensure content readability and a clean look.
- **Text Color:** #2c3e50 (Dark Blue)
  - Ensures consistency and readability across the website.
- **Accent Color:** #e74c3c (Red)
  - Used sparingly for links and important highlights to attract user attention.

### Typography

- **Font Family:** Arial, sans-serif
  - Chosen for its readability and wide availability across different devices and browsers.
- **Font Styles:**
  - **Headers:** Bold to stand out and create a clear hierarchy.
  - **Body Text:** Normal weight to maintain readability and provide a comfortable reading experience.

## User Flow and Navigation Decisions

### Navigation Menu

- **Purpose:** Provides quick access to major sections of the website.
- **Placement:** Fixed at the top of the page to be always accessible.
- **Content:** Home, Courses, About Us, Contact, Blog, Support
  - Ensures that users can easily navigate to the main sections without confusion.

### User Flow

- **Homepage:**
  - **Hero Section:** Introduces the platform with a welcoming message and sets the tone for the user's journey.
  - **Featured Brochures:** Offers quick access to downloadable content, encouraging users to learn more about the offerings.
  - **Information Section:** Provides a brief overview of MyLearn, establishing credibility and trust.
  - **Partner Logos:** Showcases partnerships to build trust and demonstrate industry connections.

- **Popular Courses Slider:** Highlights key courses, encouraging exploration and engagement.
- **Featured Speakers:** Presents industry experts to add value and attract users looking for high-quality education.
- **Course Details:**
  - Accessible through the "Courses" link in the navigation menu.
  - Each course block in the popular courses slider links to detailed course pages, allowing users to learn more and enroll.
- **About Us:**
  - Detailed information about the institution, its mission, and vision.
  - Provides background and context, helping users understand the institution's values and goals.
- **Contact, Blog, Support:**
  - Easy access to additional resources and support, ensuring users can find help and further information when needed.

## Visual Representation

Below are screenshots of the MyLearn website layout, highlighting each key feature for better context.

### Navigation Menu and Search Bar

### Featured Brochures

### Information Section

### Partner Logos

### Popular Courses Slider

### Featured Speakers

### Footer

By adhering to these design principles and structuring the website in a user-friendly manner, MyLearn aims to provide an excellent user experience, encouraging exploration, learning, and engagement.
